

Seminar “Advanced Topics in Animation”

There will be no classroom events in the winter term 2021. Instead, slide sets and recordings of seminar introductions will be available on <https://cg.informatik.uni-freiburg.de/teaching.htm> in advance. Video conferences will be conducted at the time scheduled for the classroom event to address questions. Invitations to the video conferences will be sent to registered participants via the campus management system. Seminar presentations will be performed via video conference.

Date	Topic	Name
Oct 19	Introduction	Matthias Teschner

The video conference for the introduction to the seminar takes place on Oct 19, 10-12. Please check the slide set and the video recording on <https://cg.informatik.uni-freiburg.de/teaching.htm> in advance.
